

Service Information Letter - Fuel Systems

No. 29
Issued 2-15-88
Page 1 of 1

February 15, 1988

Dear Bendix Model RS/RSA Customer:

On January 20, 1988, pursuant to a purchase agreement Allied-Signal sold the Bendix Model RS/RSA product line to Precision Airmotive Corporation (PAM) of Everett, Washington. This sale will be announced in the near future by a press release prepared by Precision Airmotive Corporation.

During the transition of this product line from Bendix to PAM, please be advised that Allied-Signal will be acting as the agent of Precision Airmotive Corporation with respect to shipping products, providing repairs and technical advice for products, and processing warranty claims. Invoices for products delivered to your company will be rendered by Precision Airmotive Corporation.

We had planned to reissue a price list update covering the Model RS/RSA piece parts effective January 1988. As a result of the sale of the product line, PAM will now assume responsibility for issuance of this catalog.

Bendix Engine Products Division had earlier become an operating facility of Bendix Energy Controls Division. Subsequently, Bendix Energy Controls Division has been renamed Bendix Engine Controls Division effective January 1, 1988.

It has been a pleasure working with you in the marketing, servicing, overhaul and repair of the Bendix Model RS/RSA products, and we trust that you will establish a similarly strong and positive relationship with Precision Airmotive Corporation as you had with Bendix Energy Controls/ Bendix Engine Products Division through the years.

A. J. Wetzel
Director of Marketing and
Programs Management

K. R. Dettweiler
Director of Product Support
